Summary

Computer Science graduate from West Visayas State University (Class of 2025) with hands-on experience from both academic and internship projects. Passionate about software development, AI, and mobile applications, with a strong foundation in Python, C++, and web technologies. Looking to contribute meaningfully in a dynamic and growth-oriented organization, and continuously enhance my technical and professional skills.

Skills

- **Web Development:** HTML, CSS, React, JavaScript
- **Mobile Development:** Flutter (Dart)
- **Programming Languages:** Python, C++, JavaScript
- **Tools & Platforms:** Git, Firebase, Flask, MariaDB, WebSockets
- **Others:** Microsoft Office, Excel, Basic Computer Literacy
- **Soft Skills:** Analytical thinking, problem-solving, teamwork, adaptability

Work Experience

Healthcare Support Specialist / *Sagility* (July 2025 - November 2025)

- Handled high-volume inbound inquiries using CRM tools, ensuring accurate and professional resolution of member coverage and policy concerns.
- Managed complex billing assessments, accurately explaining insurance amounts, copays, deductibles, and out-of-pocket limits to callers.
- Demonstrated strong problem-solving and technical analytical skills to process electronic records while ensuring strict data privacy and security compliance guidelines.

Funnel Developer Intern / *Primof Digital and Funnel Marketing Solutions* (January 2025 - April 2025)

- Assisted in the creation and optimization of digital marketing solutions, including landing pages and email automation systems.
- Website and funnel optimization – built funnel websites that improve user experience and conversion rates.

Assistant Administration Staff / *Cheko* (June 2024 - November 2024)

- Assisted in administrative tasks such as record management, scheduling, and communications.
- Supported team operations to ensure smooth daily workflows.

Contractual Finance Auditor | *D'vendo* (June 2024 - November 2024)

- Conducted audits and prepared financial reports to ensure compliance and accuracy.
- Monitored sales income.

Student Program for Employment (SPES) | *Municipality of Dumangas* (March 2022 - April 2022)

- Performed clerical and administrative duties as part of the employment program for students.
- Assisted municipal staff in executing community-oriented projects.

Academic Projects

Categorizing Infant Cries Through Machine Learning (2024 - 2025)

- Worked as a project manager and led the development of a machine learning model to analyze and categorize infant cries using audio features, aiming to enhance understanding of infants' needs and improve caregiving practices.

DocuVision: An AI-Powered Handwritten Text Recognition System for Medical Prescriptions
(December 2024)

- Developed a computer vision-based handwritten text recognition system utilizing CNN and LSTM models for accurate and efficient processing of text data.

Education

West Visayas State University | Bachelor of Science in Computer Science (BSCS) (2021 - 2025)

- Relevant Coursework: Programming, Web Development, Data Structures

Dumangas National High School | Senior High School – Humanities and Social Sciences (HUMSS) (2019 - 2021)

I hereby declare that the above information is true and correct to the best of my knowledge.
